Further information on the project can be found at: **fredolsenrenewables.com/windfarms/fetteresso**

The sessions will provide an informal opportunity for members of the public and interested stakeholders to ask any questions about the proposed Fetteresso Wind Farm and the application process.

At the sessions there will also be information available about the community shared ownership opportunity and people on hand to answer any questions you may have about this. A representative from Local Energy Scotland will be present to provide impartial advice to communities about the opportunity and the process for investigating this further.
